## About the Theatre:

The Skokie Theatre Music Foundation is a not for profit entity organized around its mission of providing support to creative and aspiring musicians. The Foundation is delighted to have acquired the Skokie Theatre, a landmark building in the Chicago Metropolitan area.

Renovated to the tune of 1.5 million dollars, this 140 seat venue will help serve the foundation's goals by offering a world class performance environment for musicians and providing a home for educational workshops, music business education seminars and professional clinics.

"One of the 10 best sounding theatres in the entire world"  
*Steve Cochran, Meyer Sound*
